SUMMARY

Data analyst with two years of experience cleaning and modeling sales data. I work with Python and SQL and document each report so someone else can repeat it.

EXPERIENCE

Data analyst, Comercial Ejemplo S.A.S. 2024 - 2026

- Cut the monthly sales close from 3 hours to 20 minutes by automating the consolidation in Python.
- Wrote 12 SQL queries tested against a copy of the database.
- Documented the source of every figure in the report for the sales team.

Systems intern, Tienda Ejemplo 2023 - 2024

- Maintained the inventory spreadsheet with validations that prevented 40 data entry errors a month.
- Trained four people on the new order form.

EDUCATION

Systems Engineering, Universidad Ejemplo 2020 - 2025

Thesis on data quality in small businesses.
